Pastor Green's Daily Encouragement

During any darkness, even a small light shines brightly. In the midst of this pandemic that is about one year old now, there are still lights in our lives that illuminate the darkness. When we seek the goodness in every situation, it makes it more tolerable. When we concentrate on those who are serving others, those who are serving each of us, it shows the goodness located in the light. Jesus is our Light. He is the Light of the World, the Light of Love, the Light of Life. The Light of Christ shines through any darkness in our lives. Where He is, so is the good. A perfect example of that would be the Blizzard of 77. Many Western New York residents perished during that horrible storm, but the light was still out there, still shining in the cold darkness. I was a recipient of that light, it was during that storm that Cindy and I met. What was so terrible for others became a blessing for me, and today we celebrate our Happy Anniversary. This is proof that in the middle of great chaos, the love of God is still working in our lives. He continues to provide the light that we need to see our way in this sometimes, dark world. Seek His ways, because they lead you to His light, a light that no darkness can overcome. Our song for this Thursday, is called "Reckless Love" and it is sung by Cory Asbury.
