

January 1, 2021

Pastor Green's Daily Encouragement

Happy New Year everyone, and welcome to 2021. If you're just getting up, and you have no where to be, then go back to bed for a couple hours, start this new off right, and rested. I have a feeling that we'll need to stay rested this year. And if you haven't been to bed yet because you're a party animal, then it's time to go to bed. Either way, we made it. We've entered the year that many have only dreamed of for the past ten months. Just one thing, be patient, because the virus that caused us to lose most of last year is still with us, and it looks like it will be for quite awhile yet. Don't waste your days fretting and worrying about it, be as active as possible under the rules, and be safe, just don't give up, God is still in control. Take some extra time this year to honor Him with your prayers and praise. The quickest way out of this pandemic is through Him, so respond to Him accordingly, with your thankfulness and respect. Place this situation into the hands of God, because He is the Great Physician of body and soul, and He can cure everything. Make 2021 the year that you turn your life over to Him, and see what He does with it. Our song for this new day and new year uses the tune of Auld Lang Syne, but the title is "All Glory be to Christ." Start the year giving glory to our Lord. Amen.
