

March 19, 2021
Pastor Green

What's on your plate today? I pray that whatever you are planning works out well for you. If you're going out for breakfast, lunch, or dinner, then I pray that you have a great meal. If you're celebrating something important in your life today, then I pray that your day would be blessed. I have two close friends celebrating birthdays today, so to Linda and Ric I pray that your special day would be exceptional. Even though we're still wearing masks, and still social distancing, things are still looking up, good things are still occurring, God is still with us and He is still in control. Cast your cares and concerns on Him today, because there is nothing impossible with Him. Read His word today, then follow what it says. In all things, be obedient to Him and see the difference that He makes in your life. He loved us so much that He gave us His Son, that whoever believes in Him will not perish but will have eternal life. That's John 3:16 . . . True Story. Let His True Story guide and direct your day, and your life. This Friday song is titled "Nothing is Impossible" and it is performed by Corey Voss. Have a great one!
