Pastor Green

Hello my friends, I pray that you are well this morning, and well rested too. I pray for all of your needs today, and the needs of your family. Just place things into God's hands because He already knows what we need today, but it's always best to ask Him directly and then thank Him as well. We never fully know what this day will bring, but we certainly know Who gave us this new day, so do your best to stay close to your Father and Creator today. While you're at it, do the same with His Son and our Savior too. Don't get weighed down today with impossible burdens that you can't carry alone, give them to Jesus to handle for you. Lay your burdens down at the foot of the Cross of Christ and keep them there, don't pick them up again, Jesus will take care of them. Carry everything to Jesus is prayer. We suffer needlessly when we forget Jesus and attempt to do things on our own, so stop doing that. When the Devil is attacking you, make sure that you are with the One Who can, and already has defeated Satan. Don't fight the evil one alone, take the big gun to the battle, His name is Jesus. Let Jesus protect you and deliver you from the evil that exists in the world. Our song on this Terrific Tuesday is "My Deliverer" by Rich Mullins. Be protected in the name of Jesus today.
