

Monday, October 18, 2021

Here's a fast good morning to everyone because I'm running late today. It was a busy day yesterday and a short night, so I'm a little behind. Today will be a busy day as well, with another short night coming up as the Bills are playing Monday Night Football. Two weeks in a row with night games, I may be a little late tomorrow morning as well. It was a busy day yesterday in large part because my brothers and sisters at St. Paul held a dinner to celebrate the tenth anniversary of my ordination and installation as pastor there. It was a fun day and I am extremely grateful for everything. God is so very good to me, first by leading me to the pastoral ministry, then to allowing me to serve it completely at St. Paul. Indeed, our God is an awesome God and He keeps delivering on His promises, and then some. Open your eyes this morning to the goodness of life, and you will see His mighty hand there. We are blessed beyond measure. You all know the saying, "When life throws you lemons, make lemonade." I would take the lemons to Jesus, and the least that He will provide will be lemon meringue pie. His way is always better, in fact His way is always the best. Follow His way. Our song for this marvelous Monday is nicely named "Awesome God" by the late Rich Mullins. It is a great beginning to our day.
